Dear Mayor Lee and Supervisor Cohen:

Thank you for your letter September 19, 2016, to Administrator Gina McCarthy regarding integrity of data delivered by Tetra Tech to the Navy at the Hunters Point Naval Shipyard ("Shipyard"). We agree that the safety of your residents and workers is paramount and that this cleanup must be done in a way that protects the public health of your residents and the environment.

I or Enrique Manzanilla, Superfund Division Director, would be happy to meet with you to discuss EPA's oversight of the the Shipyard cleanup and transfer process. I understand that your staff and my staff have talked multiple times to discuss both the cleanup status and logistics of this meeting. We look forward to talking in person soon.

In the mean time, if you would like to talk before then, please contact me any time at (415) 947-8000, [or 415-972-3133?] [jordan.deborah@epa.gov](mailto:jordan.deborah@epa.gov), or Enrique at (415) 972-3843, [manzanilla.enrique@epa.gov](mailto:manzanilla.enrique@epa.gov).
